

DB 8000

DUST CONTROL ADDITIVE

CONTAINS: Acrylic polymer

KEEP OUT OF REACH OF CHILDREN **CAUTION**

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably mouth-to-mouth if possible. Call a Poison Control Center or doctor for further treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: May cause eye irritation. May be harmful if swallowed, inhaled or absorbed on skin. Avoid contact with eyes, skin or clothing. Avoid breathing spray mist. Wear long sleeved shirt, long pants, and shoes plus socks when mixing or handling concentrate. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

CONDITIONS OF SALE AND WARRANTY

Creative Marketing & Research, Inc. (CMR) warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated. CMR neither makes, nor authorizes any agent or representative to make, any other warranties, express or implied, including fitness or merchantability.

Buyer and user acknowledge and assume all risks and liability resulting from the handling, storage and use of this material. In no case shall CMR or the Seller be liable for consequential, special, indirect, or incidental damages or losses resulting from the handling, storage or use of this product. The foregoing is a condition of sale by CMR and is accepted as such by the Buyer.

DIRECTIONS FOR USE

DB 8000 is a polymer-based dust control additive. When applied as directed, DB 8000 can reduce watering frequency and offer some residual control from the higher labeled rates.

For best results, pre-water, grade, and compact the area to be treated within 24 hours of application. Mix DB 8000 at a concentration of 50-250 gallons per 1000 gallons of water. Apply the finished spray solution to roadways, equipment yards, etc. at a rate of 1000 to 2500 gallons per mile or ¼ to ½ gallon per square yard. Higher concentrations of DB 8000 along with higher application volumes will provide better residual control of dust and will withstand traffic better. Lower rates and volumes are for maintenance and suppression of dust. Rinse the spray system with clean water after use. For best results, repeat applications throughout the season.

STORAGE AND DISPOSAL

DO NOT CONTAMINATE WATER, FOOD OR FEED BY STORAGE OR DISPOSAL

STORAGE: Store in original container away from children, animals, foods, feeds and seeds. Handle in accordance with Precautionary Statements. In the event of spillage or leakage, soak up the material with absorbent clay, sand, sawdust or other absorbent material. Scrape up and dispose in accordance with Product Disposal.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state or local ACRC recycler, visit the ACRC web page at www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill.
